TECNORIB PRESENTS PIRELLI J33 AZIMUT SPECIAL EDITION AT THE MIAMI YACHT SHOW

February 18, 2018 10:54 am by WOY

After the great success at the Boot Dusseldorf last January, Tecnorib, official licensee of the **PIRELLI** RIBs brand, makes its US debut at Miami Yacht Show with the new **PIRELLI J33 Azimut** Special Edition. First model in the range to be fitted with a water jet engine, and first unit of a **PIRELLI** ribs' series that Tecnorib will produce for the Italian shipyard, **PIRELLI J33 - Azimut** Special Edition is a unique version dedicated to **Azimut** Yacht, with whom the Company signed an exclusive agreement for the **PIRELLI** jet tender supply.

PIRELLI J33 - Azimut Special Edition reprises the distinctive and iconic features of the **Azimut** style and combines them with those that characterize the **PIRELLI** ribs: gelcoat, claddings and colour combinations makes the model a natural extension of the **Azimut yachts**.

Available on the market starting Spring 2018, **PIRELLI J33 - Azimut** Special Edition is being produced in two different versions: Burgundy Charm and Grey Elegance. The Special Edition features customized options that includes a removable steering wheel, telescopic paddle, fold-down windscreen, **Azimut** branded tubes and cushions, and an elegant dashboard bearing the unmistakable **Azimut** logo.
